CERTIFICATIONS AND LICENSES

- **Diploma in Advance Web Designing**

  October 2016 to March 2017

  This Certification is issued by Govt. recognized training center KEONICS.

- **Machine Learning, Data Science and Deep Learning with Python**

  November 11, 2020

  Udemy Course

- **Algorithmic Toolbox**

  July 16, 2021

  Courser Course

PROJECTS / PAPERS PRESENTED

- **Grammatical Named Entity Recognition**

  Link: https://github.com/Sagarfh/Grammatical-Named-Entity-Recognition

  2021

  Grammatical Named Entity Recognition is NLP project in which the machine learning model identifies the different grammatical entities in a given statement and marks the entities as the output of the sentence.

- **Fake News Detection**

  2021

  Link: https://github.com/Sagarfh/Fake-News-Detection

  Fake News Detection uses the Passive Aggressive Classifier and detects the fake news in form of text, article and check whether the news is fake or not and gives the output.

- **ReactJS Webpage Builder Version 1**

  Link: https://github.com/Sagarfh/ReactJS_Website_Builder_V1

  2021

  This project is an internship project version 1 on a low code platform to build a website using drag and drop function and export file to local storage. The ReactJs web framework is used.

- **ReactJS Webpage Builder Version 2**

  Link: https://github.com/Sagarfh/ReactJS_Website_Builder_V2

  2021

  This project is an internship project version 2 on a low code platform to build a website using drag and drop function and export file to local storage. The NextJs web framework is used.

- **CRUD Applications on Angular, React, Vue**

  Link_AngularJs: https://github.com/Sagarfh/ReactJS_Website_Builder_V2

  Link_ReactJs: https://github.com/Sagarfh/CRUD_Application_ReactJS

  Link_VueJs: https://github.com/Sagarfh/CRUD_Application_VueJS

  2021

  This is a part of internship project task to build CRUD Applications on different frameworks and perform basic operations such as Create, Read, Update and Delete.

- **B.E Final Project – PowerHouse**

  Link: https://github.com/Sagarfh/PowerHouse

  July 2020

  PowerHouse is R&D project which is simple application based on Android app that gives a digital interface on Electricity Control.

- **Web Project on Angular and Nodejs (House Price Prediction)**

  Link: https://github.com/Sagarfh/Angular-HousePricePredection

  This web project is based on Angular and Nodejs using a ML model to predict the house prices with respect to previous trends.

- **Phone-Book Directory**

  Link: https://github.com/Sagarfh/QT-PhoneBook

  Phone Book directory is a QT5 based project that store, modify, delete contacts and generates a csv file to the data given.

- **Internship On Android**

  Link: https://github.com/Sagarfh/AndroidInternship

  2019

  Internship on Android is done to know the basics of Android Studio and its functionality and also created a simple app interface using different API's.

- **Internship On Web Development**

  Link: https://github.com/Sagarfh/WebInternship

  2019

  Internship on Web Development is done to know the basics knowledge of the development, UI, interaction, connection to database.

- **Web Mini Project**

  Link: https://github.com/Sagarfh/WebMiniProject

  This web mini project was done in inspiration of our college website to unify all student record at a single portal and access them.

  The UI interface is simple to use and easy to understand.

- **Mini Project On Computer Graphics and Visualization**

  Link: https://github.com/Sagarfh/CGV

  This mini project is conducted to know basics of graphics and visualization.

  In this computer graphics and visualization we created a basic helicopter game to understand the visuals and graphics

- **Mini Project On DBMS**

  Link: https://github.com/Sagarfh/DBMS

  This mini project is conducted to know and understand about Database Management System.In this we created a simple UI of Grocery Management System.

  The main purpose of this project is to understand about DBMS.

- **Seminar On Android Security and Vulnerabilities**

  Link: https://github.com/Sagarfh/SeminarReport

COMPETENCIES

- Adjusting Nature
- Ability to deal with problems
- Dedicated to work
- Team Work

HOBBIES

- Drawing & Painting
- Gaming
- Listening Songs

PERSONAL DETAILS

Father's name	: Fakeerappa N Honnabindagi
Date of Birth	: 27/05/1998
Gender	: Male
Language	: English, Hindi, Kannada
Nationality	: Indian
